## CASUAL CLEANER CONTRACT

**Thank you for contacting Rent A Maid SA, proudly KwaZulu-Natal's market leader with more than twenty five years' experience. Our Head Office is in Hillcrest, KZN. The group operates four branches and supports twenty-six franchises in Kwa-Zulu Natal, Gauteng, Mpumalanga, North West and the Western Cape.**

### CASUAL CLEANING (WE EMPLOY YOU HIRE)

Since Rent A Maid is the employer our customers avoid the risks of employment and hire with peace of mind. We cover staff wages, UIF, annual leave, sick leave, family responsibility leave and injuries on duty.

Our customers have the flexibility to stop the service as required at short notice.

We criminal check staff prior to employing and polygraph test if a customer suspects theft. Dismissing your own employee unfairly will result in CCMA action. She or he is Rent A Maid's employee so Rent A Maid will face the CCMA.

Rent A Maid will supply a replacement cleaner if you are in any way dissatisfied with your current cleaner's performance, a luxury you don't have as an employer. In addition, should you decide to employ instead of contracting Rent A Maid you are obliged to give three warnings for the same offence within six months before dismissing your employee. By using Rent A Maid you leave this to the company to discipline, warn and reassign her.

### PERMANENT PLACEMENTS (WE SOURCE A CLEANER FOR YOU TO EMPLOY)

Since Rent A Maid interviews many job seekers we are in a position to register many staff.

Our screening experience enables us to select those we consider to be efficient, reliable and trustworthy giving our customers value for money and the peace of mind required.

Please request or look online for the documentation necessary in order book this service.

### SPRING CLEANING

Rent A Maid's spring cleans are supervised and we offer a competitively priced full day service.

Most new spring clean customers are referred to us by our current customers.

Please request or look online for the documentation necessary in order book this service.
